# Consolidating Musical Learning

Interactive display for the end of a music lesson

Where would you like to put your tick today?

Why?

Musical prompts:

Which songs did you enjoy today?

After we'd sung the song what else did we do with it?

Can you show me what you did?

Who can describe what we did using musical vocabulary?

Did you listen to any music today? Can you describe the music?

Who can remember the name of the composer?

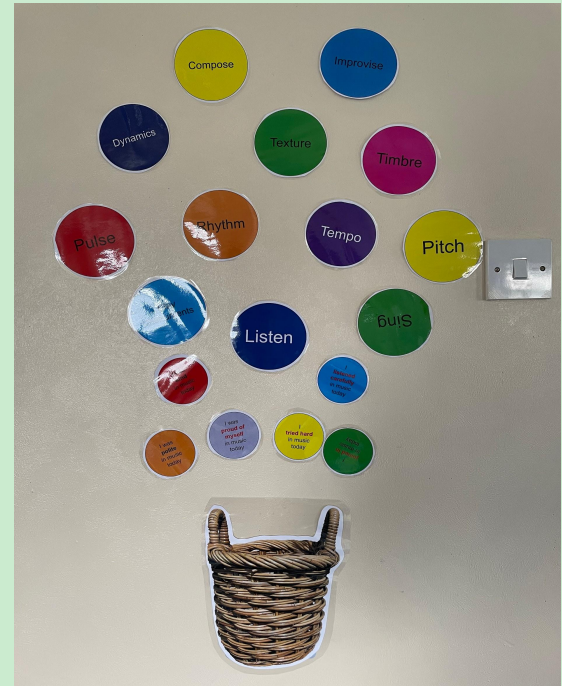

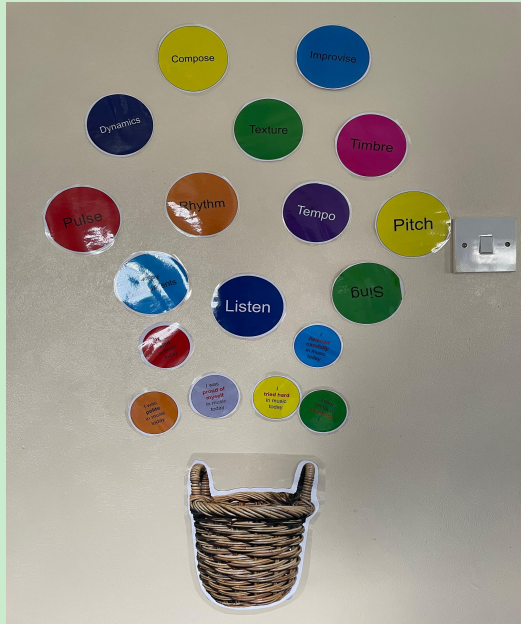

Kindly helped by one of my classes with the cutting out and creating of this interactive display - a well loved consolidation activity for the end of every lesson.

Musical learning: reading, decision making, revising musical concepts, memory skills, self evaluation

# Opportunities for confidence building

..... and then there's always the one who turns 'sing' upside down and you don't notice before you took the photograph!

I was  
polite  
in music  
today

I was  
helpful  
in music  
today

I tried  
very hard  
in music  
today

I was  
proud of  
myself  
in music  
today

I joined in  
in music  
today

I listened  
carefully  
in music  
today

Where will you  
put your tick  
today?
